We are very glad that you have decided to purchase a BMW.

The more familiar you are with it, the more secure you will be on the roads. This is why we ask you:

Please read the information we have gathered for you in this owner's manual before you set off with your new BMW. You receive important information on vehicle operation that enables you to make full use of the technical benefits of your BMW. You will also find information on maintenance that serves to retain the operating and road safety as well as the best possible value retention of your vehicle. You will find supplementary information in other brochures.

This Owner's Manual should be considered a permanent part of this vehicle. It should stay with the vehicle when sold to provide the next owner with important operating, safety and maintenance information.

We wish you good and safe driving.
